

**ROSS VALLEY FIRE DEPARTMENT
STAFF REPORT**

For the meeting of: December 11, 2013

To: Board of Directors
From:  Roger Meagor, Fire Chief
Subject: Resolution 13-14, Determining the Industrial Disability Retirement of Captain John Barry

RECOMMENDATION:

That the Board adopt Resolution 13-14, a Resolution of the Board of Directors of the Ross Valley Fire Department making the finding and determination that John Barry is significantly incapacitated within the meaning of the Public Employees' Retirement Law for the performance of the duties of Fire Captain and that such incapacity is the result of injury arising out of and in the course of his employment with Ross Valley Fire Department.

DISCUSSION:

Since January 11, 2013, Captain John Barry has been off work as a result of injuries sustained while working as a Fire Captain. Captain Barry has filed, with the Public Employee Retirement System (PERS), an application for disability retirement. The Public Employee's Retirement Law requires that the contracting agency determine whether the employee is disabled for the purposes of the Public Employees' Retirement Law and whether such disability is industrial within the meaning of the law.

The treating physician has determined that he is substantially incapacitated from performing his usual and customary duties as a Fire Captain. In addition, there is supporting medical documentation from the Department's worker's compensation administrator to support this determination.

By adopting the resolution, the Board finds and determines that Captain Barry is incapacitated for the performance of his duties in the position of a Captain and that the disability is the result of an injury or disease arising out of or in the course of his employment. The resolution also includes several other declarations that the Public Employee Retirement Law requires the Department to make as part on an industrial disability finding. These include a statement of the effective date of the retirement and any pending leave issues; the possibility of third party liability; a statement as to whether advance disability pension

payments will be made by the agency prior to commencement of regular pension payments by PERS; and, if the employee was hired after January 1980, statement regarding whether or not the disability is directly attributable to a particularly hazardous duty.

FISCAL IMPACT:

There is no direct fiscal impact resulting from determination an industrial disability retirement of Captain Barry. The Department is required to make Advance Disability Payments of 50% of regular wages while the application is being processed by CalPERS. The Department will be reimbursed for these payments once CalPERS approves the application.

CONCLUSION:

Staff recommends that the Board make a finding and determination that Captain John Barry is substantially incapacitated from performing his usual and customary duties as a Captain and the cause of this incapacity is "industrial" within the meaning of the Public Employees' Retirement Law.
