San Anselmo, CA 94960

Dear Chief Mills:

I would like to take this time to express my appreciation to you and your department for the representation portrayed by the crew members of OES Engine 362 on the Clayton Incident. They were very professional, well trained and willing to accept each and every task assigned. As a strike team leader representing Sonoma Valley Fire and the California Office of Emergency Services, it was very reassuring to me that during all of our assignments, crews such as yours arrive prepared to deal with every aspect we encountered.

Each and every one of your crew members assigned to OES Engine 362 are to be commended for a job exceptionally well done given the circumstances and magnitude of this incident. Attached you will find a copy of the crew's performance rating form. Please forward this information to the crew members. Should anyone have questions or wish to discuss the rating, I would be more than happy to accommodate them. Again I thank you and your agency for the exceptional representation OES 2807A left at the Clayton Incident and look forward to working with your agency in the future.

Sincerely,

Spencer J. Andreis
