Dear Fire Chief Jason October 2018
Weber's Ross Valley Fire Department,

Having never experienced a house
fire, we were quite surprised
that in the midst of fire fighting,
your team took measures to
salvage our possessions. Thank
you! We're grateful for all your
good work on the Ace Court

Dear Rob,

On behalf of the Board of Trustees and our staff, I would like to thank you for your quick action to provide us with a generator and lighting at our Harvest Dinner on September 21st following a transformer outage right before the event.

Our Harvest Dinner is an important annual fundraising event, bringing together some of our biggest supporters to raise money for the care of our grounds. When we lost power minutes before the evening began, we did not know how we would be able to continue without any lighting for our caterers or guests. You and your firefighters truly saved the event by providing us with a generator and flood lights so that we could keep the event going and provide over 160 people with an amazing dinner.

Thank you for your service that evening and for all that you do for our community.

Sincerely,

Antonia Adezio
Executive Director
