To Whom This May Concern:

I just wanted to thank all the paramedics who responded to our call at 25 Kent Avenue in Kentfield on January 13th and who tried to revive my husband, James W. Dixon who was having a massive heart attack. It was so stressful and so traumatic to see all eight of you work on my husband trying to save his life. Even though, after 20-25 minutes, you were able to get a pulse, he unfortunately did pass away at Marin General on January 22nd. I just wanted you to know just how much my family and I appreciate your unbelievable effort and determination to revive my husband....you were all truly amazing. I know that you are all unsung heroes and never receive much credit....but I could not let this pass and I needed to thank all of you with all my heart after seeing you all in action, it was unbelievable how you all work so hard to save people's lives.

P. S.

Also, thank you for the seven previous times before that you were called to our house because my husband had fallen, and because of his size we were not able to lift him up by ourselves.

The family cannot thank you enough!!

Sincerely,

Rose Dixon & the Dixon Family
