Dear Ross Valley Fire Department

My heart is overflowing with gratitude and appreciation for all you did to save my husband after he collapsed in our home on March 18<sup>th</sup>.

So many times we hear the horns of the firetrucks and the sirens of the ambulance, never imagining that one day it would be us that they would be coming to.

You arrived so quickly after the call. I think you were at my door within 3 minutes of that call. I truly don't know if I would still have my husband without you.

While I don't know your names the firefighters and paramedics who came to our home were unbelievably awesome! You were all so calm, so focused, so dedicated and were so competent. I knew my husband was in great hands.

I so appreciated the way you talked to Harry with care, courtesy and respect. You listened to both of us and kept us both calm while trying to get a BP reading on my husband.

Then on top of it all after the ambulance took Harry to the

hospital the firemen stayed to clean up all the garbage from treating him while also making sure I was also OK.

Harry is home from the hospital and doing great! Thank you from the bottom of my heart. You are truly heroes and I will forever be grateful to you all.
