Subject: Commendation for Captain Hogan

*Hi Fire Chief Mahoney,*

*I want to highlight the outstanding efforts of Captain Hogan from the Ross Valley Fire Department.*

*On July 4th, I received a call from Redwood Security informing me that my commercial building was flooding and that Ross Valley Fire was responding. I contacted RVFire to let them know that the Sleepy Hollow parade, where I live, had taken over Butterfield, and it might take me a while to get there.*

*When I arrived 90 minutes later, I found that Captain Hogan and another engineer (Rob?) had stayed to clear out most of the water while waiting for me. Their work significantly eased the restoration process and saved me a major headache.*

*Please extend my gratitude to them!*

Email to Chief Mahoney

Dan,

I am very grateful for two of your incredible fireman, Scott and Sid, who helped address elevated gas levels at our home today. They were thorough, thoughtful, patient and gracious as they helped a concerned father of three. We are so grateful. If there is anything I can do personally to help the department, please let me know.

Warm regards,

Michael
