

Demonstration Garden Volunteer Days

**JOIN THE UC MARIN MASTER GARDENERS AND THE
ROSS VALLEY FIRE DEPARTMENT
AT STATION #20 AT 150 BUTTERFIELD ROAD
IN SAN ANSELMO**

We are creating a drought tolerant, California Native, and fire resistant habitat garden to replace the front lawn. We have utilized the sheet mulching process to get rid of the lawn and now we are almost ready to plant!

The garden will need to be lovingly attended to until the plants are established. We need lots of dedicated gardeners, potential gardeners, and hard workers to assist us in our quest to provide the community with a Demonstration Garden that we all can enjoy and learn from. Please feel free to come by the garden on a volunteer work day - **get involved and learn!**

In **MARCH** we will continue soil and irrigation preparation.
In **APRIL** we will plant shrubs, small trees, and perennials.
We would love to finish the planting in **May** with your help!

**PLEASE PUT THE FOLLOWING DATES ON YOUR CALENDAR
AND JOIN OUR TEAM FROM 10:00am – 2:00pm**

MARCH: 12, 16, & 30

APRIL: 6, 9 10, 13, & 30

MAY: 1 & 4
